

WORKERS' COMPENSATION COMMITTEE - CONFERENCE CALL NOTES JANUARY 9, 2016

Committee Co-Chair Rich Lenkov called the meeting to order and there was discussion of the committee's current activities and plans for 2016.

1. Heath Sherman, co-chair of the Committee Conference subcommittee, updated everyone re: the Atlanta conference. Topic approvals going out shortly.
2. Kay Ferrara updated the members regarding progress on planning for the annual conference to be held this year in Orlando, FL.
3. Eric Gilkey, Editor of **WC Magazine**, participated. Eric and Rich discussed need for content for WC Magazine, and also opportunities to submit content for the other CLM magazines, especially **Litigation Management Magazine**.
4. Kay Ferrara discussed briefly the status of the Adjuster Training subcommittee's work in creating and finalizing the first WC Training program to be available, Workers' Compensation 101, as the committee co-chairs, who worked very hard on this project throughout 2015, were not able to participate in the conference call this month. The committee plans to begin work soon on a new adjuster training program and will be looking for members who want to help.
5. Kay & Rich encouraged people to attend local chapter events, one of which is in Chicago next week.

Ladies & Gentlemen: this is your committee and we ask for and need your lively help and participation! Please feel free at any time to contact any of the committee chairs with ideas, suggestions, idle thoughts, or criticisms....all are welcome.

Thanks to all,
Jim Poerio
